## Philatelic Literature Edition

### Swedish 3 For R.R. Anniversary

The low value of the set of three commemoratives Sweden will release December 1 remind the beholder of the old American folk song, "I've Been Workin' On The Railroad", for the design has exactly that kind of a theme. Pictured are three railroad workers at the tracks.

This 10 ore olive green will have companion values of 25c blue which pictures the first Swedish steam engine, and 40c orange which has a modern locomotive on the Arsta Bridge in Stockholm. The two low denominations come in coils and booklet while the high in booklet form only.

The centenary of Sweden's railroads is noted with this trio. Mark Sylvan drew the designs. Engraving was in the hands of Sven Ewert (10c), and Arne Walhorn (25c and 40c).

Martin Bostrom, Hertz Karl-salle 59B, Orebro, Sweden ad- vises that in its session of 1853-54 the Riksdag (Parliament) pro- posed the building of railroads. The main lines were to be gov- ernment owned and operated, while the smaller branch lines were to have private ownership. In 1939 the Riksdag called for nationalization of all railroads with the result that 95% of all facilities are in government hands.

Considering the length of lines relative to the population, Sweden is far ahead of other Euro- pean nations. It is fifth among all the world's nations.

### Philatelic Indexes and Bibliographies

Daniel W. Vooy

Whenever serious students of philately, writers, and librarians gather the problem of combined cumulative indexes to the leading philatelic periodicals and the need for specialty bibliographies are the most pressing topics of conversation. The tremendous amount of work and the sizeable funds required to publish such works have deterred almost everyone to date. Perhaps these obstacles can be overcome. In the meantime, the Philatelic Literature Assn. through its official journal endeavors to publish, piece-meal, such compilations as may be prepared and in such areas in which the need and demand is most apparent.

A list of general bibliographies of philately, catalogues of philate-

lic libraries, and the more important cumulative indexes of philatelic periodicals to date were included in John Boynton Kaiser's outstanding contribution "Bibliography: (Continued on page 6)

A Brief Review Of BNA  
Philatelic Literature

R. J. Duncan

The stamps of British North America have always been very attractive to collectors. Consequently, BNA Philatelic Literature is quite extensive, and those who study BNA stamps today have considerable reference material available.

Perhaps the greatest authority of the last century on BNA Stamps was Donald A. King of Halifax, Nova Scotia. He contributed splendid serial articles on Canada, Newfoundland and the old Provinces to *Gibbons Monthly Journal* during 1894-1896. With Charles B. Corwin, he contributed a long serial article on "The Stamps of British North America" to be *Metropolitan Philatelist* in 1891, and his forty-page article on Nova Scotia, which appeared in volume XVIII of *Collections of the Nova Scotia Historical Society* in 1914, is considered the standard work on that country.

Henry S. Harte, also of Halifax, and J. R. Hooper of Ottawa, contributed considerably to the philatelic press of Canada and the United States during that era.

It was during this period that the first great work on BNA was published in London, England in 1889, by the Royal Philatelic Society. It was "The Postage Stamps Envelopes, Wrappers and Post-Cards of the North American Colonies of Great Britain." This was a book of 67 pages and 6 loose plates.

The next important book to be published was "Canada, Postage Stamps and Postal Stationery" by Clifton A. Howes. This is a book of 387 pages with 15 loose plates, and was published in Boston in 1911. This is a rare book now, and generally brings over \$50 at literature auctions.

In the meantime, two of Canada's most active philatelic publishers produced a series of pamphlets which are quite scarce today. L. M. Staebler of London, Ontario, published four numbers of the *Canadian Philatelic Handbooks*:

No. 1 Postage and Revenue Stamps of BNA, 1892.

No. 2 Canada and Her Stamp Collectors, 1892.

No. 3 The Stamp Collector's Companion, 1893.

No. 4 The Standard Handbook on Counterfeits, 1895.

H. T. Ketcheson of Belleville, Ontario, published "The Canada Stamp Catalogue," First Edition—?

2nd — 1889; 3rd — 1892; 4th — 1894; 5th — 1896.

B. W. H. Poole was the author of several books on BNA, published by the Severn-Wylie-Jewett Co. of Boston, about 1916. They cover Canada, Nova Scotia, New Brunswick, Prince Edward Island, British Columbia, and in collaboration with H. E. Huber, Newfoundland. This series is getting scarce now, particularly those books on Canada and Newfoundland.

The first of the popular Jarrett

Handbooks, "Postage Stamps of Canada," appeared in 1923. This was a small book of 103 pages. It was followed in 1926 by Jarrett's *BNA Book*, and in 1929, Jarrett's *Standard British North America Catalogue* was published. This item ran to nearly 600 pages and is still in great demand among students of Canadian stamps.

Lowe's *Standard Catalogue of the Stamps of British North America*, with notes, was published in 1925, with a later edition about 1928.

Patrick Hamilton's handbook, *Canadian Stamps*, was published in England over ten years ago. This covered all issues up to and including the Royal Visit stamps.

Of course, the two great works of recent years on Canadian stamps are Holmes' *Handbook and Catalogue of BNA*; and Bogg's "Canada," in two volumes, published in 1946. The former includes a priced catalogue which covers Stationery & Revenues.

Volume I of Bogg's "Canada," has 761 pages and Volume II has over 300 pages. Both Holmes' and Bogg's handbooks are "m-sts" for the library of any BNA student or serious collector.

During the years there have been quite a number of small and pocket size specialized catalogues published on Canada. Among the earlier editions were Peckett's, Bogert and Durbin's, and Albrecht's, published about 1895. Century Stamp Company, of Montreal, published a catalogue each year during the early part of this century.

arks Stamp Company of Toronto published two or three editions in the twenties.

Fred Jarrett followed up the publication of his 1929 *BNA Book* with pocket-size specialized catalogues in 1933, 1934, and 1935.

Vincent's *Catalogue of Postage Stamps of Canada and BNA* has run through ten or more editions starting in 1935.

Dr. L. S. Holmes of London, Ontario has published a series of fine specialized catalogues on BNA in 1935, 1937, 1938, 1939, and 1940. The last edition of the Holmes *Specialized Catalogue of Canada and BNA* is still available.

The stamps of the old Canadian Provinces have been well covered

by writers, also. Besides King's work on Nova Scotia, we also have Poole's Handbook on Newfoundland On British Columbia, we have Poole's Handbook and Deaville's magnificent work on British Columbia Postal History.

G. E. Wellburn of Duncan, B.C. is our greatest expert on British Columbia, and articles by him have appeared in the "Postal History Bulletin," "BNA Topics," "Popular Stamps," "CAPEX Catalogue," etc. Handbooks on Prince Edward Island have been published in the past by Poole, Goodfellow, and also a handbook in French by Brunel.

The Prince Edward Island Study Group of the BNA Philatelic Society has made a thorough study of the stamps and postal history of the Island during the last year, and their study is now being serially in "BNA Topics." When completed, it will be published as a handbook. This group includes such Prince Edward Island enthusiasts as Tomlinson of England, Quarles of Chicago, Gummer of Temeskaming, Que., Kemp of Montreal and Crosby, of Banff, Alta.

The Meyerson brothers of New York and H. A. MacMaster of Vancouver study the stamps of Newfoundland, and their articles are to be found in "BNA Topics," "Maple Leaves," "American Philatelist," etc. The *Pre-Adhesive Postal History and Postal Markings of Newfoundland* which was published serially some years ago by the Meyerson brothers in "BNA Topics," has been reprinted in the "American Philatelist."

Messrs. Studd, Lees-Jones, Stephenson, Searles, and others in Great Britain have made serious studies of earlier stamps. Their articles have appeared in the "London Philatelist," "Philatelic Journal of Great Britain," "Maple Leaves," and others. Lees-Jones has written particularly on the Large Cents.

There is considerable interest in the small Queens and BNAPS has an active study group on them. The major articles on these stamps are by A. E. Shoemaker—published in "Stamps" of New York; Major

## Change In Advertising Rates

I could perhaps have used another heading to this editorial, which would actually have been truthful and which would have made you sit up and take notice much quicker than the above.

I could have headed this editorial . . . "Reduction in Advertising Rates" for that is exactly what is happening.

GEORGE W. LINN

Any good business man knows that in manufacturing or in any other kind of merchandising that when production is greatly increased, that the cost of production for each individual unit is reduced. It is because of this fact that the rates we are now announcing are actually a reduction from our previous rates. Previous rates were set up according to our rate card of March 1, 1951 at which time the weekly circulation figures were 32,832 copies weekly.

Today, as of December 1, 1956 almost six years later, the circulation figures are 52,348 copies per week. This is an actual increase of 19,552 copies weekly. With this great added circulation, an increase of almost 60% it has become necessary that we adjust our rates to meet the great added cost over the circulation figure on which our 1951 rate was set up.

Smart buyers of advertising space know that circulation is the prime factor in buying space. This becomes more true in such publications as the Stamp Press because in the circulation of such publications, all of it is to interested parties, whereas in printing stamp advertising in any other publication of what ever type, the advertiser is paying for far more circulation to people who are not interested in stamps than to those who are. Thus he has a far different problem to consider.

Increase in price is never popular yet we have to have some way to pay for the extra 19,552 more papers we are sending out than were sent out when we set up our rate schedule in 1951. We might have raised the subscription rate but did not do so as we believed that circulation would be the best tonic and we have increased almost 60% as stated. Other papers in the past five or six years have advanced rates, but we have chosen to maintain our dollar per year rate. This has resulted in an immense increase in circulation, thousands of extra papers each week to thousands more readers which makes advertising pay good dividends. Producing these extra thousands of papers cuts the cost per single paper and that permits us to set up a new schedule of rates which is actually lower than heretofore. It is this way. A man who has a large orchard had always marketed his apples in half bushel baskets for which he charged \$2.00. This year due to hard work, proper management, good fertilizing and favorable weather his apple crop was so much bigger than ever before that he was perplexed as to how he was going to sell all of them. Finally he decided that this year he would sell them only in bushel baskets and that meant giving twice as many apples, but since the need was to market a much bigger crop he offered them at \$3.00 per bushel.

That of course made the buyer spend an extra dollar over what he had spent before, but it gave him the apples at only \$1.50 for a half bushel rather than \$2.00 which was the former price. That in effect is just what we are offering in these new advertising rates. Let us compare the new rate with the old.

On March 1, 1951, date of former rate card, circulation was 32,832.

Transient rate per inch \$4.80. Less than 15c per inch, per 1000 circulation.

Contract rate per inch \$3.60. Less than 11c per inch per 1000 circulation.

On December 1, 1956 new rate card, circulation is 52,348.

Transient rate per inch \$6.00. Less than 12c per inch, per 1000 circulation.

Contract rate per inch \$4.80. Less than 10c per inch, per 1000 circulation.

Now let us look at the full page rates for these will also show you that you are actually getting a reduction rather than an advance in rates and altho I have not gone to the great labour of figuring all of the various sizes of space between one inch and one full page I am certain the same ratio of reduction will apply to whatever size space you use. Now here is how full page rates show a reduction in cost, per 1000 circulation.

On March 1, 1951 rate card, a full page at Transient rate was \$150.00. This figures at less than \$4.58 per page, per 1000 circulation.

The contract rate at the same time was \$125.00 per full page which is at a rate of less than \$3.72 per page per 1000 circulation.

Now note the new cost per page per 1000 circulations under both the new Transient and contract rates.

As of December 1, 1956 the Transient rate per full page is \$200.00. This is less than \$3.82 per page, per 1000 circulation.

The Contract rate for a full page is now \$160.00 and this makes the cost at less than \$3.06 per page, per 1000 circulation.

Several years ago a certain publisher remarked to me that he did not believe that the stamp trade would support a paper that had more than about 25 to 30 thousand circulation. What he meant was that he believed that the cost of advertising in a paper with large circulation would be more than the stamp trade could afford.

Here at our office we have never believed that way. We believe now as we have always believed that the stamp trade would even support a paper with 100,000 circulation if it could be reached. Fifty years ago most stamp papers were produced for the fun of the thing. Few ever paid their cost of production. The whole field was on a sort of amateur basis. Today, publishing a real weekly stamp paper has become big business and the stamp trade has also matured into big business.

Here at our offices in Sidney, Ohio we are better set up in every manner to print and distribute a paper than any other publisher in the country. We can if need be print 50,000 papers of 80 pages in less than three hours time, after the type is set and the plates are on the press.

Our printers just recently installed a new press capable of this work. Our printers can give you a two, three or four color print if you want it. Our printers have a large number of Linotype Machines, the finest in display type casting machines. They operate their own engraving plant and can produce printing plates in a few hours. It is due to all this modern high speed equipment that we are able to print a paper such as this and sell it at \$1.00 per year and thus build a great circulation and give you the lowest price per inch, per 1000 circulation of any stamp collectors publication in America.

When you think of full page space think of 80 inches of advertising

space which at transient rates is only \$2.50 per inch and on contract is only \$2.00 per inch.

Already all advertising patrons have been sent a letter together with a copy of our new rate card which goes into effect as of December 1st. You who are on contract will be charged at the old rates until your contract expires, after which the new rates will become effective.

The rates shown on our rate card are the only rates we have. There are no rebates, no discounts. What you pay for space is exactly the same price that every other dealer will pay, there are no concessions of any nature as are sometimes offered by other publishers.

If you have not received our new rate card, drop a line to our office in Sidney, Ohio and you will receive one promptly.

Over the past five or six years we have been able to absorb several increases in the price of paper, several increases in postage rates on second class mail. Now we are obliged to revise our rates to cover the greater extra number of papers we are printing, over the number on which our previous rates were based. We believe we can hold this new rate at least until our circulation hits the 60,000 mark when perhaps we shall again have to revise our rate card.

So if it is business you are looking for come to the paper that is read by more stamp collectors than any other paper in the world. Why talk to a handful when you can talk to the multitude.

## SMILEATELICS . . . Bob Rieker

"Well doesn't your husband have an interesting hobby! He covers up pictures of little pieces of paper with some other paper that's colored!"

## NOTES

I understand that the 1 1/2c Amsterdam, N.Y. narrow Prexy Bureau is a little on the scarce side. Nothing like the 1c High Point, N.C. but just enough to give the dealers a pain and collectors a mild case of jitters. Gunesch-Coda 2nd edition lists the stamp at 50c. Normally, if circulated somewhat, the list price would be 7c.

An 8c Liberty from Buffalo, N.Y. in that old time electro used there so long, is a nice item.

The Southern California bulletin mailed with pair of 1c Prexys from Redlands, Calif. The California count this month is 619 towns and 1057 types. They also claim it's possible to form a general collection of around 35,000 varieties.

Talking to several prominent Ohio collectors a few weeks ago, they expressed their opinion that the new OHIO catalog when and if published would list well over 40,000 varieties.

Back to Bureaus. An item that is causing a lot of chasing is the 6c narrow Prexy Bureau from Richmond, Va. One reason, and its hard to answer why, is that a lot of 6c Prexy city type precancels are coming out of Richmond. I have had at least a half dozen copies in the past couple of weeks. Perhaps after these are gone the 6c narrow Bureau will still come out. Such things have happened before. These little tricks give the old game that certain something.

## Stamplift

The new stamp accessory that separates stuck-together stamps safely preserves original gum. Exclusive moist air process removes stamps from paper and hinges quickly and conveniently. No more soaking stamps in water. Leaves stamps almost dry and new-looking.  
Stamplift uses no chemicals.  
Stamplift \$2.00 sppd.

LOWELL, MASS.

CARL P. RUETH

I have gotten a cover in the mail this week from "Operation Deep Freeze", the greatly publicized expedition to the South Polar regions by the United States. It was sent to me by Lt. Cdr. Elton E. Flowers of the Navy.

I know a number of you had sent covers for servicing these many months ago, and it is quite possible that after such a long time all mail which was on hand in Antarctica has been returned and delivered.

Other than the postmark and the slogan in the killer bars, which could be missed if you made a quick inspection of the item, there is nothing else to identify its historical origin.

The one I have is dated May 1, 1956 and was received November 12. It has a single ring circle inside the perimeter of which is the wording "LITTLE AMERICA, ANTARCTICA, U.S.N.". There are five killer bars. Centered in the inside three is the legend "U.S. NAVY OPERATION DEEP FREEZE".

1. The Alaska-Yukon Pacific Expedition commemorative of 1909 has whose portrait in the design?

2. Two ships are shown in the Hudson-Fulton celebration issue of 1909. Name them.

I want to emphasize the point again made here on several occasions. And that is — if you want answers to any questions about stamps you have, or other philatelic matters, always send a stamped, addressed envelope for a reply. Otherwise you won't get one.

If it isn't worth that to you, then you don't deserve an answer. That also goes for all the other columnists and writers we have with us.

A Meriden, Conn. collector and reader of Linn's had the following comment, relative to some of the column material here about the shoddy practices of some collectors and dealers when having business with each other. This person's lines are about the dealer who cheats. He writes —

"It may be worth passing along to such as are having their troubles with dealer-cheats that the Postal Inspection Service is quite a potent force in correcting difficulties of this sort."

"I've used them twice, once on a character that hesitated about shipping; the second time on a reputable dealer. The latter case I suspect was one of diverted mail due to some slippery joe in the dealer's organization. I had written four times trying to get an acknowledgement of my order and payment. The Postal Inspector got action very fast and my order and payment was found promptly and the business concluded."

"It's my impression that there is a postal law covering failure to complete a deal where a collector is concerned and I would think that the law would apply with equal force to a dealer who developed 'ideas'."

We here at Linn's when reasonable means fail to break loose a difficulty between collector and dealer have called on the Postal Inspection Service to investigate the matter. However, it isn't often that these men have to be called in to get results.

In the use of the Postal Inspectors, they will not be moved with just a single complaint against any one individual, but when such complaints come by ones, twos and threes in each mail, then they go into action and someone has some tall explaining to do.

We have always found the P.I. Service most cooperative and diligent. If you have trouble — dealer with collector — or collector with dealer — and can't seem to get through, drop them a line in the community where the post office of the defaulter is located.

It is my experience that 98% of

all collectors and dealers are most reliable. That's better than most businesses where the per cent of stinkers is much larger. You will find them slow once in a while for various legitimate reasons, and now and again perhaps your letter has been lost in the mails through wreck, fire or theft and the other party never received it.

However, that 2% which gives all the trouble do make the hobby and the reputable dealers look bad. It is for the good of all collectors that we must cooperate and run the no-goods out.

That is why in the weeks past I have been covering some of these phases of hobby relationships. Perhaps they have helped in various places.

It is possible to get the stamps of the Canal Zone at face plus return postage. This is a United States governed area and the currency is the same as U.S. Airmail to and from is 6c and surface mail 3c, each for an ounce.

A list of what is available can be gotten from the Postmaster, Post Office, Balboa Heights, Canal Zone.

Over the years there have been several attempts to get our flag in its true colors on a postage stamp. It has been used in whole or part in some designs, but never in the red, white and blue. Most folks have always thought this would really be a whale of a thing to do and are in favor of it. There are some objections, because the super-patriots who make them, do not want the U.S. flag smudged with cancelling ink.

Newest of the flag requests is originating from the William E. Sheridan Police Post, 1059 of the American Legion, Brooklyn, N.Y.

They want Samuel Chester Reid a U.S. Naval officer of the War of 1812 incorporated into such a celebration and stamp since he did a topnotch job as a military man, and is said to have prepared the design of the flag as it exists today. Said Reid now lies in an unmarked grave in Greenwood Cemetery, Brooklyn.

I'd like to see a series of about twelve stamps in full color, as required, which reproduces the various flags used by this nation from the beginning on. Wouldn't that be a tremendous thing? 120,000,000 of each wouldn't even begin to meet requirements. Even the postage meter users would buy some.

I'd especially suggest the flag of the Revolutionary era which had a snake, and which incorporated the legend, "Don't Tread On Me!" That one I want exclusively for mail to Russia!

Did you know:—  
In the early days of the nation postage for a one-sheet letter cost up to 25c?

The present 3c rate for letters is the same as it was in 1851?  
Congress in 1797 provided that all letters and packages to George Washington could be mailed free to

And on April 3, 1800 the franking privilege was given to Martha Washington — she being the first Presidential widow to get the privilege. This started a legislative custom that has extended to this day.

The danger and drama of building the nation's airmail service was highlighted in 1931 when Congress authorized an Airmail Flyer's Medal of Honor.

These — and hundreds of other interesting and useful facts — are contained in a new publication issued by the Post Office Department, Postmaster General Arthur E. Summerfield has announced.

The comprehensive 138 page booklet containing many tables and covering postage rates from the nation's early days until today is entitled "United States Domestic Rates 1789-1956." It is available from the Superintendent of Documents, Washington 25, D. C. at 45c a copy.

**PHILATELIC INDEXES**  
(Continued from page 1)

The Basis of Philatelic Research", which was prepared for the 19th American Philatelic Congress book, 1953, the first paper to receive the Walter R. McCoy Award as the best research article of the year. This treatise was reprinted in booklet form by the P.L.A. and distributed to the membership in 1954. This will undoubtedly be the basic guide for many years, and for anyone interested in philatelic literature, this work is a must.

One of the most ambitious projects in the field of philatelic literature was the "American Philatelic Society Philatelic Index, being an alphabetically arranged, subject-index of articles and notes contained in philatelic periodicals published in English, with the addition of two French papers, from 1863 to 1910", as compiled by William R. Ricketts.

The key to periodicals indexed alone required some 44 printed pages, listing more than 1900 such. It appeared as part of the American Philatelist, running from 1911 through 1926, completed only through letter "G". A total of 670 pages appeared, and the project was abandoned because of lack of interest on the part of the members.

Another serious attempt was made in the U.S. to provide an Index to Current Stamp Periodicals, by Colonel Ralph A. Kimble, when editor of the American Philatelist, with the Index appearing in that magazine from February 1937 to June 1940, when also discontinued primarily due to the "lack of enthusiasm on the part of the membership."

Still another editor of the same magazine, David Lidman, presented lists of major articles appearing in the "philatelic periodicals of the world," with the issue of September 1952, and the more conventional "Index to Current Philatelic Literature" appeared monthly beginning with the February 1953 issue, later was changed to quarterly publication. That Index is now being continued during the editorship of Charles Hahn.

The endeavor is pre-dated by the "Index to Current Philatelic Periodicals" that was undertaken in "The Stamp Lover" by Arthur Blair, beginning with the Jan-Feb 1950 issue of the official journal of the Junior Philatelic Society of London. At first it covered only ten British stamp periodicals but the index has gradually been expanded to include some ninety English language publications. H. S. French took over the job of compiling the index beginning with the Jan-Feb 1952 issue, and has since been succeeded by James Negus.

Still a third index to current periodicals, this one in the German language, is provided by "Literatur-Nachrichten," as published by Stadtbibliothek, Muenchen, organ der Gesellschaft fur philatelistische Literature. V. Duisburg. World-wide coverage of philatelic literature, with reviews of books, catalogues and periodicals is given, as well as the subject-country index to periodicals.

The need and usefulness of such indexes to stamp periodicals should be apparent to all, for no matter what specialty a person may have, it is not practical to subscribe for all the stamp periodicals that are appearing in various parts of the world. The current index gives, at a glance, a report on each important article appearing. Consolidating such periodic reports into an Annual Index would be a step in the right direction.

Such an Index for some twenty U.S. stamp periodicals, for the year 1944, was compiled by Daniel W. Voogs, and appeared in the April and July 1945 issues of the Philatelic Literature Review. This was by Subject and by Country, and required twenty printed pages. The size of the volume can be contemplated when you try to cover the stamp periodicals now appearing throughout the world—a total well over two hundred that contain material that might be worth listing.

Cumulative indexes for individual, or groups of publications, have appeared at times, but are all too few in number. "The Philatelic Index" comprising the principal articles of important British stamp periodicals to the end of 1924, incorporating Jex Long's index of forty years, was published by the Philatelic Congress of Great Britain (1923). This was a bound volume of 249 pages.

"The Standard Index to Philatelic Literature, 1879-1925" was compiled by Albert H. Harris and L. A.J. Baker, as published by Harris Publications, Ltd., (1933), 145 pages, covered all handbooks of the world up to March 1933, and the contents of all important stamp journals of the British Empire up to December 1925, with prices at which the books or articles could be obtained from the Index publishers, who then dealt in out-of-

print philatelic literature as well as the current publications.

No comparable works have appeared in recent years. Among the cumulative indexes compiled for individual stamp periodicals, the most outstanding job has been done by Roland King-Farlow, a former librarian of the Royal Philatelic Society of London. A Cumulative Index to the London Philatelist, Volume I to LIII (1892 to 1944) was published in 1946. A supplement recently issued brings it up to 1954, as compiled by the present librarian, E. H. ...

Mr. King-Farlow next compiled a "Cumulative Index to the Philatelic Journal of Great Britain, Volumes I to LVI (1891-1946)" and still another for The Stamp Lover, official journal of the Junior Philatelic Society of London, covering Volumes I to XL (1908-1948).

Similar treatment has been given to the outstanding U.S. periodicals, The Collectors Club Philatelist, with an index compiled by King-Farlow, covering Volumes I thru XXX (1922-1951).

A favorite reference journal early in this century, The Philatelic Gazette, issued during 1910-1918, was indexed by Colonel Ralph A. Kimble, and published in the American Philatelist of July ...

The twenty-volume series known as the "Stamp Specialist" published by H. L. Lindquist from 1938 to 1948 was indexed by Subject and Country, and by Volume. This was compiled by Daniel W. Voogs and appeared in two issues of the Philatelic Literature Review in 1952.

A cumulative Subject-Country-Author Index to the annual American Philatelic Congress Books, 1935-1956, appears in the latest edition of that publication, just released. This index has been compiled by George T. Turner.

A subject-country-author Ten Year Index, covering Volumes I-10 (1944-1953) of the Essay-Proof Journal, was compiled by Sol Altmann, librarian of the Essay-Proof Society, and published in that journal of October 1954.

A consolidated index to Volumes I to XXVI of the Bureau Specialist, compiled by R. A. Bryant its editor, was published in the First Quarter 1956 issue of the Philatelic Literature Review. This should be particularly useful to the collector of United States stamps, as the Bureau Specialist is the monthly magazine of the Bureau Issues Assn. (devoted to the stamps issued by the U.S. Bureau of Engraving and Printing).

A cumulative index to the "Philatelist and Postal Historian," Volumes I to XX (1934-1954), compiled by R. F. Kirkpatrick, has been published by the Regent Stamp Co., Ltd., London, publishers of the magazine, which since its inception has been edited by Robson Lowe. The 50-page bound index appeared in 1955.

An index to Volumes I-XIX of the Netherlands and Colonial Philately, journal of the Netherlands and Colonial Philatelists, was prepared by Burton E. Bauder. This index is in three parts 1—list by titles; 2—list by countries and titles; 3—by authors. The lack of copies of the early numbers of this publication was overcome by the editor, Johannes de Kruffy, who laboriously reprinted and made available all the out-of-print issues that might be needed.

A subject index to the "Luxembourg Philatelist", Volumes I-V (1950-1955) was prepared by James Taylor Dunn, and printed in the Third Quarter 1955 issue of the Philatelic Literature Review, together with a "Luxembourg Bibliography: Postage Stamps and Postal History". Mr. Dunn, a librarian by profession, presents a model that others might well follow in the preparation of such bibliographies.

An index to the American Philatelist, 1886 to date, is in preparation by the former editor, of the magazine, David Lidman. A Cumulative index to the Philatelic Literature Review is planned by editor Phillip Rochlin, and a cumulative index to Coros Chronicle, official journal of the Collectors of Religion on Stamps Society, is included in a bibliography of Religion on Stamps, compiled by W. A. Sager, expected to appear in the forthcoming issue of the Review.

The first bibliography of scope as published in the Philatelic Literature Review was that of Confederate States Postage Stamps and Postal History, as compiled by the noted confederate specialist, Van Dyk MacBride. This appeared in the first series of the Review, in October 1944, was completely revised and brought up-to-date in Vol. I No. 1 (Fall 1950), second series, with supplements appearing at intervals to cover to April 1956.

The collectors of Confederates or those merely interested in the Civil War Period have no problems in learning about any important article that has appeared about Confederate stamps, postal history, patriotic covers, and allied subjects. In addition, there is a list of all the important auction sales that

have included Confederate material!

In the September 1951 issue of the Review, Edward A. Richardson, British North American specialist, presented "Canadian Philatelic Literature—a Working Library", not only listing the various desired publications, but indicating the then-market price of the out-of-print items.

In the Second Quarter issue of 1952, Albert H. Higgins gave a "Bibliography of Books and Articles on the Stamps of Aden and the Hadramaut States."

Frank M. Cowan, in 1953, presented a "Guide to Philatelic Literature of India". Part I dealt with British and Independent India, and Part II was devoted to the Indian Federated States. This list

was limited to books and pamphlets, but was supplemented by (Continued on page 16)

# Crawford Catalogue Was The Most Tremendous Compilation Of Philatelic Literature Ever

George T Turner

The philatelist will find in this great work numerous references to literature on his particular subject. For philatelic literature collectors and philatelic libraries the large volume is a must. The scope of this catalogue is immense. Every handbook, pamphlet, periodical, catalog and price-list of any description, relating to stamps and stamp collecting, posts and postal service, comes within its purview. Besides listing the works contained in the Earl's library, it also indicates the known omissions.

Every entry is treated in the fullest possible bibliographical detail as to edition, collation, illustration, binding, etc. Extensive notes give further particulars about every entry. The inclusion of subject entries for all monographs renders the work especially useful.

James Ludovic Lindsey was the 26th Earl of Crawford and a most accomplished member of the peerage. The "K.T." following his name indicates Knight of the Thistle. He was an ardent student, astronomer, explorer, scientist, collector and bibliophile.

Being a man of wealth, his interests extended into many fields and he devoted himself energetically to every endeavor. He was thorough in his investigations and saw to it that the records of his efforts were made available to others in book form. In this respect, there have been many philatelists who have failed to record and preserve for others the philatelic knowledge they possessed or discovered in their studies.

During his life he owned three yachts, and used them on expeditions to various parts of the world. Frequently on these voyages he took along portions of his stamp collection to work upon.

The only time he displayed his magnificent and remarkable collection of United States stamps occurred on a trip to New York in 1905. On this visit he was elected the first Honorary Member of the Collectors Club. On the return trip, his yacht "The Valhalla" participated in the race for the German Emperor's Ocean cup and secured the 3rd prize.

As a boy the Earl had collected stamps while at Eton, but it was not until he purchased a "fat" album of stamps at a book auction in 1899 that his interest was revived. Needing a library in order to pursue his philatelic studies he purchased the world famous John K. Tiffany Library in 1901 and reestablished it in his home at 2 Cavendish Square, London.

Mr. Tiffany was the outstanding American collector of the 19th century, and was the guiding genius and first president of the American Philatelic (Association) Society during its initial decade. Until his death in 1897, he had worked diligently, since the early days of philately, to acquire every item published pertaining to stamps.

The Earl of Crawford continued the library bringing it up to date and adding new material.

## A GOLDEN OPPORTUNITY

To the hundreds of old customers who know the quality of our lots, no explanation is necessary. But to those who have been skeptical of trying our lots we give an idea of what to expect. The following lots are \$2.00 each with plenty of value and no sale is final unless satisfied.

21 Air Mail collection 150 to 200 different. Mainly Latin America used with many high values and late issues. Colombia, Brazil, Costa Rica, Honduras, Panama, Bolivia, Guatemala, Venezuela, Philippines etc.

22 British Colonies collection: 150 to 200 different. Old and new issues with shilling, rupees and many good values from Bahamas, Bermuda, Burma, Br. Honduras, Cyprus, Ceylon, (new pictorials) Iraq, Jamaica, Pakistan India (new pictorials) etc.

23 World wide lot 400 to 700 different. Not junk, plenty of good values, the Philippines cat. over \$2.00 alone. Complete U.P.U. sets included. Old and new issues with wonderful catalog value and a beautiful lot with Italian, Belgian, Portuguese French and British Colonies.

24 Pictorial and commemorative lot. 500 large size stamps, 125 to 150 diff. The most colorful lot you have ever seen. World wide and plenty of value. Air Mails, Pictorials, Semi-Postals, etc.

25 Asiatic lot 300 different. from China, Japan, Siam, Iran, Philippines, Burma, etc. Many issues of China before 1900. no mint inflationary issues. U.P.U. Japan & Philippines.

26 Colonial lot 100 to 150 different. from various colonies but no British. Old and new issues with good values. Angola, Curacao, Cameroun, Dahomey, Dutch Indies, Mozambique, Senegal, Eritrea, etc. A very colorful and interesting lot.

The above lots are guaranteed to please. no the rest is up to you. Obey the urge and send for a trial lot, you'll come back for more.

Any three lots \$5.00 or all six lots \$9.50 without much duplication.

Remember we have advertised for years and you will receive no hit and run lots. Your satisfaction is our best advertising.

Thus every effort was made to record and describe in the catalogue everything concerned with philately which came to the Earl's notice, whether or not the item was a part of his library.

The content of the catalogue is divided into two major divisions and two appendixes as follows:

**Part I—Separate Works:** Listed by author, publisher and some subjects are cross indexed.

**Part II—Periodicals:** each serial is listed alphabetically by title.

**Appendix A—A** chronological list of journals arranged by country wherein published.

**Appendix B—The** principal sources of information for Philatelic Literature Collectors are listed.

There are 924 columns (two to a page) in one volume of 470 pages, measuring 14 x 10 1/2 inches on specially made paper. This edition of 300 copies was issued with gray paper wrappers. Many have since been privately bound in various ways either in cloth, leather, or split into two volumes.

The prospectus, issued January 1911, by the secretary of the Philatelic Literature Society, F. J. Peplow, sets forth the details of the special edition. Each member, and there were about 100, whose dues were paid up to and including the year 1911, received a copy of the work gratis. A member could purchase additional copy for \$1.15.6d as stated on the order form.

The remaining copies were offered at two guineas (then equal to \$10.22) plus a shilling or two

for mailing. After the dissolution of the Society in 1927, some remaining copies could be obtained from Herbert F. Johnson of the Junior Philatelic Society at the two guinea price.

The Catalogue was exhibited in the class for Philatelic Literature at the International Exhibition held in Vienna in 1911. It received the highest award, a large gold medal and in addition the only "congratulations of the jury" to be given.

Depending on the condition of the binding, copies of this work nowadays fetch from \$27 to \$55 when offered.

The philatelic section of the Earl of Crawford's library was only a small portion of his tremendous holdings. The extent may be gained from other large

## FRIENDS:

I have just received my auction lots of BRITISH COLONIES STAMPS from CARL ROMAN. They are just as described in his catalog and condition so fine, I just had to tell you about them. The care taken in selection the right material for his AUCTION sales and price lists plus his individual personal 24 hours service was remarkable.

From his famous AUCTIONS to his price lists. The careful consideration given as to what stamps to send and are best for my collections, until I have one of the best BRITISH COLONIES collections in New Jersey. It was a revelation of the interest to one's individual order, service plus fine quality he takes.

I suggest that if you are a buyer at AUCTION SALES or collect stamps you write him to be put on the mailing list for price lists and catalogs. His address is P.O. BOX 1685, PATERSON 16, NEW JERSEY. 24 hours service is his motto.

Next time I will tell you about my latest order from his new price list \$2.50 which is ready for mailing. Drop a card or letter TODAY!!! for yours.

Sincerely &amp; For Stamps

John Belinger

A BRIEF REVIEW  
(Continued from page 2)

Studd—published in "Philatelic Journal of Great Britain;" and Dr. Mason—published in "Stamp Collecting" of England.

Dr. Whitehead of New Brunswick and Ed Richardson of Ithaca, N. Y., have contributed many fine articles on the later issues to various magazines.

George C. Marler of Montreal, and Major K. Hamilton White, of Vancouver are keen students of the early George V stamps, and the former's handbook on the Admirals is the standard work on that issue. Major White, with the BNAPS Plate Block Study Group, recently edited the first "Plate Block Catalogue of Canada," which is published by the Stanley Stamp Co. of Vancouver, B. C., and which, I believe, is still obtainable from them.

Robson Lowe of London, England have published the "Handstruck Postage stamps of the British Empire," which has run to three editions and covers BNA. Articles by W.E.D. Halliday of Ottawa, by Frank W. Campbell of Royal Oak, Michigan, and by Dr. J. E. Goodwin, have appeared in various magazines. Dr. Goodwin writes a column on Postal History in "BNA Topics".

Mr. Campbell is working on a book on the early post offices of Canada, which he hopes to publish soon. The Canada and Newfoundland Stampless Cover Catalog by H. M. Konwiser and Frank W. Campbell, published in 1946, is a mine of information on the early markings. Last but not least is the History of the Post Office in BNA by Wm. Smith, published by Cambridge Press.

Canadian Precancels also provide a very interesting field for collectors, and the latest on this branch of our hobby is Hoover Bros. "Official Catalogue of Canada Precancels," 4th edition, 1947, of which H. G. Walburn is the editor.

Over the years Canada has also produced a great many philatelic magazines. These could be nicely divided into three classes: (a) more important publications, (b) house organs, and (c) bulletins, etc. I shall endeavor to give a fairly comprehensive list of these in the forthcoming issue of the Philatelic Literature Review.

The first stamp paper to be published in North America, "The Stamp Collector's Record" was issued by S. Allan Taylor, Montreal, Quebec, February, 1864. Later he moved to Albany, New York, and also receives credit for issuing the first stamp magazine in the United States, dated December 1864.

My pet project is the British North America Philatelic Society Library, which was organized in 1946. The majority of the books and articles mentioned in this article are available in the Library to members, as are many of the B. N. A. magazines.

Book Deals With  
Solomon Islands

Seldom does one find such an inclusive book about one small area of the world as it concerns postal matters and philately, as "British Solomons Islands Protectorate: Its Postage Stamps and Postal History". This 111 page book, released in mid-October, is written by Harold G. D. Gisburn, prominent English author and philatelic authority.

Appropriately enough the story begins with the historical and geographical aspects of the islands. On this foundation is laid the postal and philatelic one. Chapters are devoted to the Early Postal History; The 1907 Large Canoe issue; The 1908-13 Small Canoe issue; The De La Rue Surface Printed Issues; The Commemoratives; The 1939-56 Pictorials; and Communications and Postal Markings.

All the pertinent details of the various series are given, and in a number of instances the designs are carried from the essay stage right on through to accepted ones.

Binding is between hard cloth covers. Illustrations are plentiful and sharp. Purchase can be made from the publisher, J. Sanders, Ltd., 7 Commercial Rd., Southampton, England at \$3 per copy postpaid.

Dear Mr. Linn:—

## "ALERT STAMP DEALERS BREAK MOST BAFFLING CASE"

"Two of America's prominent stamp dealers, helped to bring close to solution the most baffling wave of robberies that have ever plagued the hobby. Robert A. Siegel of New York City and Raymond H. Weill Co. of New Orleans thru months of effort and co-operation with the proper authorities have located an outlet for at least a sizeable part of the stamps that have been disappearing the past few years.

"The break came when the Weills received a letter from a party in Florida describing an important collection he wanted to sell and would not ship. The Raymond Weill Co. telephoned Robert A. Siegel who was vacationing in southern Florida and asked him to contact the letter writer. The latter introduced Mr. Siegel to another party, a well-known stamp collector and who was apparently acting as advisor to the seller. They sold Mr. Siegel a rather small collection but promised that a really important property would be available later. 'Later' proved to be last April, at which time the Florida parties sold to Messrs. Siegel and the Weills a United States collection for approximately \$13,000. No suspicion attached itself to the transaction until later.

"Robert Siegel while later classifying the collection, became suspicious and contacted a collector who had been robbed of similar type material. Receiving a negative reply from this collector, he and the Raymond H. Weill Co. continued investigating the stamps in the collection. Raymond Weill thought that some of the rarer items bore a resemblance to stamps which had previously been reported as stolen and investigation proved this fact so. Mr. Siegel and the Weills immediately contacted the proper authorities.

"Some of the material has now definitely been identified as part of the property stolen from Lambert Gerber at the Tampa S.P.A. Convention in 1953 and from the spectacular robbery at the 1954 A.P.S. Convention at San Francisco. Both Mr. Siegel and Mr. Weill are pleased to announce the stamps are being returned to the proper owners.

"Up to the present time the authorities have not arrested the actual thieves nor have they located a large amount of the

stolen material still unaccounted for. But philatelists everywhere can be assured that a solution is in sight — a long awaited solution to Philately's wave of robberies."

Most of the above facts have been known by many people in New York City for some time. Just why publishers have failed to print anything concerning this matter is something we can not explain. Had it not been for the fact that when George W. Linn was at the FLOREX in West Palm Beach on November 2, 3, 4 and was told of the finding of these stamps after which he made every effort to learn as

## OLYMPIC SCOOP

Increased postal rates delayed the issue of the new Australian Olympic stamps as a fresh die had to be prepared for the 4d stamps. The stamps were not placed on sale until the 31st October but the Olympic Village Post Offices at Ballarat and Heidelberg opened on the 15th of that month using ten different pictorial cancellations. We can supply the set of ten Official Covers each franked with an obsolescent 2/- Olympic Publicity Stamp and postmarked on the opening day of villages. Each cover showing a different pictorial cancellation as under:—

TEN COVERS — the complete set of cancellations — franked with—  
(a) 2/- Blue Obsolete Publicity Stamps .....\$16.00  
(b) 2/- Green Obsolescent Publicity Stamps .....\$13.50

Remember these were the only Olympic stamps available at the time the village opened and only a limited number of covers were handled.

LIMIT TWO SETS OF EACH PER CLIENT.

### Coat Of Arms On "Caritas" Series

A new theme has been chosen by Luxembourg for the annual series of Caritas semipostals. In successive years will be shown the coats of arms of the twelve cantons of the nation. Beginning with this year's those of Echternach, Esch-sur-Alzette and Grevenmacher will be shown.

The first day of issue is to be December 5. It will be possible to obtain first day covers and mint sets at face value plus return postage.

The Arms of Echternach are to be seen on the 25c plus 5c red orange, black, silver and red, and the 2fr plus 25c brown, black, red and silver. Esch-sur-Alzette's appears on the 80c plus 20c buff, blue, red and silver, and the 4fr plus 50c blue green, blue, red and silver.

Grevenmacher's is shown on

the 120fr plus 30c olive, blue, red and silver, and 7fr plus 3.45fr violet, blue, red and silver.

Printing was by photogravure at the Swiss firm of Courvoisier SA in sheets of 25 subjects.

Sale will begin on December 5 and extend to February 15. Validity for postage purposes expires on December 31, 1957.

Face value of the set is 20 francs, or 40c in United States currency. (Figure 2c to each franc). If purchases of mint

stamps amount to more than 100 francs, the Luxembourg agency will assume postage and registration fees. Under that sum, the customer must remit an extra 9 francs to cover those charges.

Up to ten envelopes per person will be serviced as first day covers. The envelopes must each bear a name and address and contain a stuffer. Flaps must be sealed or turned in. A set of stamps for each cover comes to 20 francs (40c U.S.).

Remittances can be made by money order or certified checks. Personal checks, coins, stamps or reply coupons are not taken in payment.

Orders and payments are to be direct to the "Direction des Postes, Office des Timbres, Luxembourg".

Airmail is suggested to beat the deadline for the FDC's. It is 15c per half ounce to Luxembourg. Surface mail is 8c for the first ounce and 4c each additional ounce.

## PLATE NUMBER REPORT

It usually happens in the case of all regular series, when many plate numbers are printed, in most denominations the last few plates may never go to press. By that time the new series to replace the old has been announced. If these last plates do go to press, very frequently they are most difficult to find, especially so if they had a small run and few impressions.

This is the pleasant and surprising feature to today's report. Although the Presidentials have now become the old regular series, we have not heard the last of them. In a number of values there are still a few plate numbers that have not been reported, which are the object of quite an intensive search by most of the serious plate block collectors. The longer the delay the more difficult it will be to find them, not to mention the cost of purchasing them as they gradually become scarcer.

Today we have two such cases, from opposite extremes. On one hand we have a combination of the \$5 Coolidge, which to my knowledge has not been reported anywhere before. This is No. 22166 with No. 24482. Also, since our last report on the Presidential plate numbers, the following combinations have been reported, which makes the \$5 Coolidge complete in all combinations.

23482-22166

22167-24482

23481-24482

23482-24482.

From here we jump to the opposite end of the Presidential series and that is the 1/2c Franklin. Up until now only 14 plate numbers have been seen and found in collectors hands. It appears that the last two had a very short run of less than 1000 impressions. Therefore it is with keen delight that I am happy to report these last two plate numbers, each in two positions. They are:

23445 UR LR

23446 UR LR

In regards to the commemoratives, in the last report we completed Wheatland, so now we proceed with Labor Day.

That takes care of the commemoratives.

As I mentioned to you in a previous report on the new Liberty series most of the activity from week to week, or from report to report, will center mainly on the 3c value and to a lesser extent on the 2c denomination. Practically all the others will see very little reporting except when additional plates will be added to the initial printing.

Along about the fall of the year, it is reasonable to expect a lot more plate numbers being printed and circulated as the Christmas season approaches.

Since the last plate number report you will notice a terrific increase in new plate numbers and positions on the 3c value. Perhaps in this instance it may do well to include others in the chronological order that they have been assigned so that you may be aware of their

presence, even if no positions are reported today. If you are a collector trying to obtain some of these, it may help you to take note of all for your guidance.

Many of the later ones have not gone to press yet, but all of the plate numbers listed here today have been assigned to the 3c Liberty to date. Compare this list with yours and see if you have them all included.

Album For U.S.  
Christmas Seals

A pocket-size, and very colorful album, has been prepared by the Tatham Stamp & Coin Co., Springfield, Mass. for all the Christmas Seals of the United States from the first one on.

Pages are in yellow, red and green with the seals to be placed thereon pictured. Binding is with a green plastic—pages are glassine interleaved. The covers are of red card stock.

There are extra pages which can be used for the seals of other nations or for related U.S. material. The selling price of the album is \$1 postpaid from the above address.

To commemorate Turkey's national census in 1940, the nation issued a stamp with a map of the country in its design.

## PREMIUM QUALITY

Fine Mint British Colonials Below Face Value!

A fabulous selection of mint British Colonials—most of which are no longer available in Colonial post offices. Every stamp sells at a premium over face; a good number sell at many times face value. Yet we offer them at a tremendous discount, actually below face value! (Absolutely no officials, dead countries, or other trash.)

All of the following superb issues are represented:  
(1) Aden, 1937 Dhows  
(2) Bahamas, 1948 Tercentenary  
(3) Hong Kong, 1941 Centennial  
(4) New Zealand Health Stamps  
(5) Egypt, complete commemorative sets, ten years old or more (the kind that sell regularly at four times face value!)  
(6) Commemoratives, including Coronations, etc.  
(7) Obsolete King George VI including early issues cataloging as much as seventeen times face value!  
(8) Stamps issued before the reign of George VI, cataloging up to fifty times face value.

All the above and other fine mint British Colonial issues make this lot a superb value at any price. The face value alone is approximately \$15; you get the entire lot as advertised for just

\$12.

Additional Free with order, wonderful lot of foremost, entirely pictorial, stamps, Cat. Value \$40-50. Lot includes many topicals which alone sells more than \$10.00. Don't miss out. Send immediately. Satisfaction or immediate refund.

## CRAWFORD CATALOGUE

(Continued from page 7)

catalogues he published. The contents of the Bibliotheca Lindesiana is listed in twenty or so large volumes. The title of the first eight volumes described on the Library of Congress cards which John B. Kaiser of the Newark Public Library kindly loaned me are as follows:—

### Bibliotheca Lindesiana

Vols. 1-4: Catalogue of the printed books preserved at Haigh Hall.

Vols. 5-6: A bibliography of royal proclamations of the Tudor and Stuart sovereigns, 1485-1714.

Vol. 7: A bibliography of the writings, general, special and periodical forming the literature of philately.

Vol. 8: Hand list of proclamations issued by royal and other constitutional authorities 1714-1910.

For the complete listing refer to the Library of Congress cards. The above volumes were privately prepared in a uniform black cloth, Oxford binding. The edition consists of 200 copies of each volume. They were distributed mostly to public libraries as presentations copies, by Lord Crawford.

While these volumes were on press (1909-1913) at Aberdeen University in Scotland, Lord Crawford very generously offered Mr. Bacon the privilege of arranging for the publication of further copies of Volume 7, noted above, subject to payment of the printers' charges for such copies. In the October 1909 issue of *Journal of the Philatelic Literature Society*, E. D. Bacon announced the handsome offer to the members. They accepted the proposition and published an edition of 300 paper bound copies. This then constitutes the special edition for philately.

The differences between the two editions is rather minor. First, the title pages read differently and the imprints are: "At the Aberdeen University Press, 1911" in the private edition and "London: The Philatelic Literature Society, 1911" for the special edition.

In the Bibliotheca, Volume 7, there is a page headed "The Introduction to the Subject", written by "Crawford". This page is not in the philatelic society's edition. The opening paragraphs of the preface by E. D. Bacon differ slightly in the editions. However, the remaining pages of the actual text are identical in both catalogues.

Since the Earl presented nearly all the copies of the Bibliotheca Lindesiana to public institutions in various parts of the world, few ever came into philatelic hands. Not even the Royal Philatelic Society of London possessed a copy until about five years ago. Only recently have several copies shown up on the market.

Since the private edition was not circulated generally and only two-thirds as many were printed, it is much scarcer and should fetch perhaps double the price. Frankly, only the philatelic bibliophile or a library would require both editions. The Philatelic Literature Society's edition is quite adequate and suitable for any collector.

The Earl of Crawford died in January 1913 at the age of 66. The philatelic section of this great library was bequeathed to the British Museum of which he was a trustee.

Edward Denny Bacon subsequently became curator of the

stamp collection of his majesty King George V and was knighted in 1932. However, he continued to oversee the Crawford library and made some gifts to it.

He prepared a Supplement to the Catalogue of the Philatelic Library of the Earl of Crawford, K. T. which the Literature Society published in 1926. This contained 136 columns and brought the separate works, Part I up to 1908 and the periodicals Part II up to 1906.

This edition of only 200 copies was supplied gratis to every member of the old society who could be traced, and the remaining copies sold to the other purchasers of the original work. The Supplement is very helpful as many corrections and additions are made to the descriptive notes.

Just before Sir Edward's death in June 1938, he prepared the "Addenda to the Supplement to the Catalogue of the Philatelic Library of the Earl of Crawford, K. T." which appeared as an 8 page supplement to the *London Philatelist* for March 1938.

Thus the Catalogue of the Philatelic Library of the Earl of Crawford, K. T. stands as an enduring monument to this great philatelist's generosity and service in the annals of philately.

## BPA Handbook Lists British Stamp Clubs

Announced by the British Philatelic Assn., 3 Berners St., London W1, England is the "BPA Philatelic Societies Year Book, 1956-57". It gives the names and addresses of the officers, meeting times, programs for the new season and other data. For one interested in foreign contacts, especially with specialist groups, this book is valuable.

Various articles which should prove of special interest to secretaries have been included, such as suggestions for planning a society exhibition and helpful ideas when faced with the task of compiling the season's program.

Once more included is a list of dealer members of the B.P.A. who have intimated to the association that they would like to have published, details of their particular specialties. In spite of increasing costs in production, the price still remains the same—30c (U.S.) postpaid.

## Pair Canada 12d Black On The Market

One of the rarest items of Canada is up for private sale, according to a report from Harmer, Rooke & Co., Inc., 560 Fifth Ave., New York.

It is an unused pair of the 1851 12-pence black on laid paper, with bottom right-corner sheet margin, full o.g. and a British Philatelic Assn. certificate.

Originally, this handsome pair was in the Alfred F. Lichtenstein collection. It is one of the few existing ones.

While Harmer, Rooke & Co. does not disclose the asking price, a single copy with large sheet margin recently sold for \$10,000 at auction. It is undoubtedly one of the most valuable philatelic pieces extant.

Literature  
On Stamp Money

F. H. Ames, Jr.

Several types of stamp money have been used throughout the world since the idea of encased postage stamps was first introduced in the United States during the years of the Civil War. Not only have stamps been inserted into various containers of metal, plastic and cardboard but they have also been pasted on cardboard, inserted into slits of envelopes and otherwise prepared for use as a substitute for small change. Some issues have been officially authorized while others were put out by private individuals. There will be no discussion of the various forms of stamp money as that is the function of the literature to be mentioned in this article; this presentation will be limited to the literature of this interesting field.

Stamp money is the strongest connecting link between the philatelic and numismatic fields; specimens are not plentiful and references regarding these fascinating hybrids are likewise difficult to locate. Since stamp money is of interest to both stamp and coin collectors, one would expect that published data would be fairly plentiful.

However, it appears that both groups expected the other to take care of the matter with the usual disastrous results. The references which will be listed embrace both fields of interest; many of the articles which were found proved to be a re-hash of earlier published material and so have not been listed. The writer would be interested however in hearing of any other references not set forth at this time.

First let us consider the literature primarily concerned with the encased stamps of the United States. SCOTT'S SPECIALIZED CATALOG is a good basic reference as it has a fairly complete listing plus a number of illustrations. Other references are as follows:

The U. S. Encased Postage Stamps—C. Gregory, PHILATELIC JOURNAL OF AMERICA April, 1889.

Encased Postage Stamps—E. H. Adams, MEKEELS Vol. XXIII #12 Mar. 20, 1909.

Encased Postage Stamps—J. F. Jones, THE NUMISMATIST Aug. and Sept. 1937.

U. S. Encased Postage Stamps—M. Hahn, SCOTT'S MONTHLY JOURNAL Oct. 1937.

U. S. Encased Postage Stamps—AL BURNS STAMP NEWS, Apr. 4, 1942.

Encased U. S. Postage Stamps—NUMISMATIC SCRAPBOOK MAGAZINE, May 1952.

Encased Postage Stamps—F. H. Ames, S.P.A. JOURNAL Mar. 1953.

If you are interested in the price trends of these items auction records and prices realized offer some interesting data; these records also list a number of varieties which will not be found in SCOTT'S. All are numismatic in origin and will probably be found in the library of one of our national coin collecting societies. Dealers in literature are another possible source of these references:

Auction Records of Encased Postage Stamps—A. R. Fry, THE NUMISMATIST May and June 1902.

Check List and Auction Prices of Encased Postage Stamps—Dunham (Private publication of 1915)

W. F. Neil Collection, Sale of 1917.

Catalog of Dunham Sale of 1941—Mehl, (Many rarities illustrated.)

In addition to the above articles and catalogs the following publications have been reported to contain additional data but so far the writer has not been able to obtain copies. It is quite possible that they also contain some information on foreign stamp money:

NUMISMATIC SCRAPBOOK MAGAZINE June 1948 and Nov. 1950.

MEKEELS Vol. XXII #30 & 33.

Encased stamps were by no means the only type of stamp money to be circulated in this country. Stamps have been put into small envelopes bearing commercial advertising and were also the inspiration for our fractional currency. Some of the literature regarding these types is as follows:

Postal and Fractional Currency—

T. Cunningham, AMERICAN NUMISMATIC JOURNAL Vol. 27.

LITERATURE ON Stamp Money U. S. Postage Stamps as Necessary War Money—H. R. Drowne, MEKEELS Aug. 14, 1920.

Stamps as Legal Tender—N. D. York MEKEELS Vol. LI #17, Apr. 26, 1937.

U. S. Postage Currency—A. W. Hocking, MEKEELS Vol. LII #10 & 11 Mar. 7 & 14, 1938.

A Rhode Island Precursor of U. S. Postal Currency—H. K. Crofoot, NUMISMATIC REVIEW March 1944.

U.S. NOTES AND FRACTIONAL CURRENCY—Wayte Raymond, Inc.

SCOTT'S SPECIALIZED CATALOG, section on Postal Currency.

Other references which have been reported for this topic but which have not yet been studied are:

PAPER MONEY OF THE UNITED STATES—Fried, published by the Coin and Currency Institute of N.Y.C.

FRACTIONAL CURRENCY—N. Carothers, published by Wiley in 1930.

COINAGE OF THE UNITED STATES—Washington Printing Office.

ACT OF CONGRESS of July 17, 1862.

ACT of CONGRESS of Mar. 3, 1863.

Literature on foreign stamp money is extremely difficult to find and usually presents an additional handicap in that translation is usually necessary. So far no dealers abroad dealing extensively in such type of literature have been located. It seems pretty much a case for dogged determination coupled with a lot of luck. Anyway, you meet a number of nice people in the search.

The best publication in this field seems to be a 51 page booklet titled LES TIMBRES MONNAIE by Gaston Tournier. There are a few illustrations and long check lists of German and French items. Not too much information on U. S. stamp money appears but there appears to be rather complete coverage for other countries; unfortunately my copy is elsewhere being translated and I cannot give any more details of the volume. Other references written on a general basis are listed below:

EMERGENCY MONIES OF THE WORLD—A. Slabaugh.

Summary of Stamp Currency—E. Manischewitz, NUMISMATIC SCRAPBOOK MAGAZINE June 1952.

Stamps as Money—F. H. Ames, WEEKLY PHILATELIC GOSSIP Vol. 57 #20 Jan. 16, 1954.

Articles dealing with the stamp money of one particular country are rather complete in their coverage as they are written by collectors with a special interest in that field. The following are recommended:

Japanese Postage Stamps Used as Currency—Nakada Minoru, BULLETIN OF THE INTERNATIONAL SOCIETY FOR JAPAN. SE PHILATELY Apr. and May 1953.

Encased Stamps of France—FRANCE and COLONIAL PHILATELIST Jan-Feb. and May-June 1953.

Stamp Money—Gaston Tournier, S.P.A. JOURNAL July 1953.

Rhodesia Postage Stamps as Currency—H. C. Dann, LONDON PHILATELIST Dec. 1953.

Stamps Used as Money—J. D.

Firth, STAMP LOVER Jan. 1935.

Again here are some references which have been reported as having specialized data upon stamp money:

Bulletin de la Societe d'Etude pour l'Histoire du Papier Mon. ie —V.3, 1948; V.4, 1949; V.6, 1951.

Osterreichischer Notgeld Katalog 1918/1921, Ford Robert vid Trede.

Des Landes Salzburg—Trede.

Das Notgeld von Lichtenstein, Tirol, Voralberg 1914/1921—Trede.

Das Deutsche Notgeld—Keller.

Das Post Wertzeichen, Vol. II #9 & 10.

The above list of references comprise a fairly comprehensive story on the use of postage stamps as money throughout the world. The purpose of the Philatelic Literature Association is to assist the collector in learning of the existence of literature in this or any other philatelic field of interest.

Membership in the P.L.A. is a first step but is not adequate as a means of preserving the information still on hand; contribution of your knowledge is more important than the contribution of your dues. Why not join the P.L.A. and do your part now? Only through the assistance of you and other collectors can we insure the preservation of the data necessary for intelligent collecting.

much about the matter as possible by questioning both Florida and New York parties, he learned but little. "Hush" seemed to be the best advice he could get.

Now since he had accidentally fell aware of some of the facts, he got the above letter from Mr. Siegel soon after this show was over.

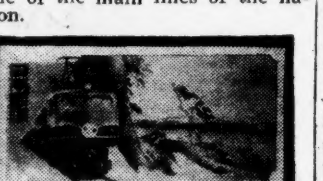

It should be noted that the Press Release printed above refers to the fact that a collection for which \$13,000 was paid was purchased last April. About the middle of June a reliable Florida dealer noted in a New York Auction catalog dated June 27 and 28, certain blocks of the \$1.00 and \$4.00 Columbian and a block of the \$1.00 Omaha. Following the theft of the stamps in San Francisco the ASDA sent photos of certain blocks and stamps to dealers in all parts of the country. This Florida dealer compared these photos with the lots in the sale as mentioned above and believed them to be the stolen blocks. He immediately telephoned police officials in New York and advised them of his belief. Not having the photos we are not able to compare them with the published pictures, so shall have to await further information.

In so far as we are able to learn the New York auction dealer was an innocent victim in this matter and any lots from either of these thefts that may have been in his sale were without any knowledge on his part that they were stolen property. The discovery that some or all of this \$13,000 collection that was bought by Robert Siegel and the Weill brothers, was from the two thefts was not discovered until later.

The reputable stamp collectors of Florida as well as all the reputable stamp dealers everywhere join in demanding that the parties concerned in this matter be named for what they are. Any attempt to cover it up and make it hush, hush is a slur on the honest dealers and collectors of Florida.

### Japanese Commemorative For Electric R. R.

November 19 was the first day of issue of a 10 yen commemorative Japan issued to mark the completion of the electrification of the Tokaido railroad. This is one of the main lines of the nation.

One of the newest of the electric locomotives is to be seen in the design prepared by Saburo Watanabe. It was adapted from Hiroshige's picture, "Yui State in the 53 Stages of the Tokaido."

Printing is in a quantity of five millions by photogravure in panes of 20 stamps.

### Roosevelt Installs New Official Family

Installation ceremonies were held at the November meeting of the Roosevelt Philatelic Society of Chicago and the following members assumed their respective offices: president, C. P. Jorgensen; 1st vice president, Leslie Lawitz; 2nd vice president, John Bergmann, Jr.; secretary, L. E. Van Reeth; treasurer, Lawrence Engleberg.

Secretary Van Reeth, recently returned from a 10 week trip abroad, will resume his duties as Editor of the "Straight-Edge" with the next issue in December. This publication was awarded top honors in the S. P. A. Branch Publications contest as announced at the recent convention in Grand Rapids. A beautiful office chair, a much needed addition to the editor's workshop, was quite welcome.

### Two Michigan Clubs Join In Exhibition

The Birmingham and Ferndale, Mich. Stamp Clubs are holding their sixth annual joint show on Sunday, December 2 at the Lincoln High School in Ferndale. The location is at 9 Mile Rd. and Livernois Ave. one mile north of the northern city limits of Detroit.

There will be a bourse with from 20 to 25 dealers for the one day show, which opens at eleven a.m. and closes at 7 p.m. The high school cafeteria will serve dinner and supper at very reasonable prices.

The Peninsular State Philatelic Society will have an officers meeting and the board of trustees will have a special meeting in the afternoon. Plans will be formulated for the annual exhibition and convention which will be held in Toledo, Ohio March 16 and 17.

### Semipostal For Day Of The Stamp

While Austria's "Day of the Postage Stamp" semipostal will be released for sale on November 28, it will not have validity for postal purposes until December 1. This will be one for the Stamp on Stamp topicalists for in the design is pictured a stamped envelope bearing a stamp of the same design of which it is a part.

In a vermilion color, this 1 Schilling plus 25 groschen item, will have a production of 640,000 copies at the Austrian State Printing Works from engraved plates.

Besides the stamped envelope, the design also has an ornamental shield with posthorn.

Strangely, the design is the work of William Dachauer who died in 1951 while still a member of the Austrian Printing Works staff. It is understood that there are several more of his designs reposing in the Postal Administration vaults with possible use in the next few years.

The engraver is Georg Wimmer.

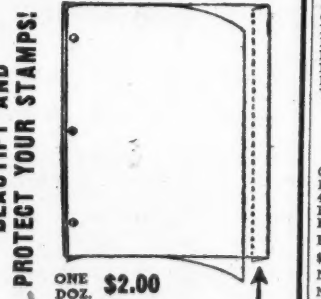

The funds from the surtax will be used by the Austrian philatelic societies and for the promotion of Austrian stamps at home and abroad.

Edwin Mueller of New York City, and the Austrian Postal Administration provided the illustration and news.

For the 100th anniversary of the nation's first stamps Turkey issued a set of four the designs of which showed Mail Carriers on Horseback; Postmen of 1840 and 1940; Old Sailing Vessel and Modern Mail boat.

### PHILATELIC INDEXES (Continued from page 6)

comment as to the coverage and usefulness of the individual publications.

A "Bibliography of Palestine-Israel Philatelic Literature", by Martin J. Warmbrand, appeared in 1955. The compilation was divided by periods: 1—Early and Late Forerunners; 2—Mandate; 3—Interim Period; 4—Israel. To indicate the extended coverage required, more than fifty philatelic periodicals were systematically "searched" for any and all important material relating to this popular specialty.

What a boon to stamp collecting, and to philatelic research, would be to have such cumulative indexes prepared for other important periodicals and to have bibliographies devoted to the stamps and postal history of other countries and philatelic specialties. What better goal could the Philatelic Literature Assn. have than to continually promote the publication of such indexes and bibliographies?

Aside from the pure philatelic need, such compilations can be considered important to the history of the postal services of every country. It would in addition, provide record of their influence upon modern communication, of the development of world trade, culture, and the far-reaching contribution to a greater understanding among the peoples of the world. The steady, organized demand by philatelists for the compilation of such indexes and bibliographies should speed the accomplishment. Only in that way will the means to do the job be found!

**I'm Just A CLIPPER!**  
Ernest A. Kehr

No, I don't mean a China Clipper of the tea trade, nor a global aircraft; I consider myself a philatelic literature clipper.

When I first became seriously interested in philatelic study and writing about two decades ago, I naturally followed the established, traditional method of accumulating published material by buying available books and subscribing to more important journals in the United States and foreign countries, then faithfully making up "volumes" just as I had seen in the libraries of the Collectors Club and in the homes of my friends. Needless to say, shelf upon shelf soon became crowded with an imposing array of "literature."

It was imposing, yes, and such friends as saw it were impressed by the amount of "reference material" available to me in my own study. Unfortunately, however, imposing though it was, it was of absolutely no practical value to me when I really needed some data in a hurry. When I wanted to do an article on some particular subject for the "New York World-Telegram," for which I then was working as Hobby News Editor, I invariably found that I'd pass more time hunting through several score of indices before I came across the information for which I was looking. Furthermore, some indices were incomplete, which added to the matter of consulting published information before I tackled the subject under consideration.

I labored under these difficult conditions until I came to the Herald Tribune in 1939, and became acquainted with its method of keeping up its "reference library." (Most newspapers have "morgues" the Herald Tribune, however, has a reference library, since it always is "alive" and up to the minute.)

Noting its practical utility, I determined right then and there to adapt its principles to my own library. For months I worked at home, stripping volume after volume of periodicals, ruthlessly discarding everything in them except articles which I felt had some lasting reference value and then carefully, meticulously filing them according to the subjects they treated.

It was a fatiguing job, but within the year I had clipped every magazine I'd accumulated in the past decade. At first I sorted solely according to country, one file folder per nation or colony or stamp issuing entity. As certain file folders became heavy I sub-divided into periods or sub-classification. Such countries as had a huge volume of material I broke into still further subheads. In time, the file grew until now it is contained in some 54 standard-size file drawers.

Since I began the system I carefully watch auction sales and whenever I see a batch of philatelic magazines which I have not previously had, I purchase them and consign them to the scissors treatment.

The mere mention of clipping has raised a hundred eyebrows, for there are certain philatelists who consider it as much desecration as tearing a precious postage stamp. But since I feel that any library ought to be regarded more for what information it can impart than as a decorative adjunct, there are no qualms on my part.

When I want information on any particular subject I want it immediately; I don't want to pass an eternity hunting for it in a roomful of bound volumes. Clipping offers me that advantage. I can, at the present time, find virtually everything that has been published on a certain subject—whether it's "counterfeit Mulready's" or "Red Cross stamps"—in a matter of no more than five minutes simply by going to my file and picking out the appropriately classified folder.

You'd be surprised how handy (Continued on page 18)

**ANGOLA.** On October 9 a 1E stamp was issued. It is orange and blue and bears a portrait of Col. Artur de Paiva.

**ECUADOR.** To commemorate the 10th anniversary of the United Nations which took place in 1955, a \$1.70 orange airmail was issued on October 24. Triangular in shape it bears the U. N. Emblem and the dates "1945" and "1955".

**ETHIOPIA.** Five stamps showing Emperor Haile Selassie standing by the throne proclaiming the constitution were issued to mark the 25th anniversary of the Constitution. They are all airmails of the following denominations and colors: 10c brown and blue; 15c red and olive; 20c ultramarine and red-orange; 25c violet and green; and 30c green and red-brown.

**FRANCE.** A portrait of A.A. Parmentier is on a 12fr brown issued on October 27.

**GERMANY (West).** Marking the 1956 Day of the Stamp, a 10pf green stamp was issued on October 27. A dove holding a letter is the design.

**INDONESIA.** To commemorate the 20th anniversary of J-hakarta City, four stamps of the same design were issued on October 7. A dancing girl near a gate is the subject of the design. The values are: 12 sen green; 35 sen red-brown; 50 sen blue-black; 75 sen violet-brown.

**IRAN.** October 25 was United Nations Day. To mark it, and the 11th anniversary of this body, two stamps were issued. The 1R green shows the U. N. Emblem and people of different nationalities; the 2.50R blue and green has balanced scales and the U. N. Emblem.

A 1R was issued on October 31, the occasion of the arrival in Teheran of the President of the Republic of Pakistan.

**JUGOSLAVIA.** The following stamps were issued on October 24 to publicize the 1956 Olympic Games to be held this year. 10d ochre and red-brown (running); 15d ochre and dark-blue (rowing); 20d ochre and dark blue (skiing); 30d ochre and olive (swimming); 35d ochre and brown (basketball); 50d ochre and light green (women swimming); 70d ochre deep maroon (sports for women); 100d ochre and orange-red (rifle shooting).

**LIBERIA.** Six bi-colored stamps were issued on November 15 to commemorate the Olympic Games in Melbourne. The airmail values are: 12c purple and green (Melbourne Stadium); 20c orange, blue, and black (Olympic Torch and Map of Australia).

The regulars are: 4c olive green and brown (Kangaroo, Emu, and Olympic symbols); 6c green and dark gray (Discus Thrower); 8c brown and blue (Goddess of Victory); and 10c red and black (Chariot Race).

A 40c airmail with the same design and color as the 20c is on a miniature sheet issued the same day.

**ST. PIERRE.** On October 22 four values were added to the current series. They are 30c dark and light blue; 50c gray-blue and bistre; 3fr violet; and 500fr airmail showing Port of St. Pierre.

**THAILAND.** The 25st. blue United Nations stamp has been overprinted in purple from top to bottom "1956" for the 1956 U. N. Day.

Founding Noted

One of the world's foremost producers of optical equipment, and certainly one of the most famous, is the Karl Zeiss Works at Jena, East Germany.

On November 9, for the 110th anniversary of founding of the firm, the German East Zone postal administration issued a set of three commemoratives. On the 10pf green is a portrait of Ernst Abbe, the 20pf red has a view of the factory; while the 25 pf red

has a portrait of Karl Zeiss. In each design is a reproduction of the Zeiss trademark.

Production was by offset on paper watermarked with DDR and Posthorn. One million copies of each value were printed.

The Deutscher Buch-Export and Import gmbh of Leipzig, Germany who sent the news of the above, also advises that on October 27 there was a single commemorative for the annual Day of the Stamp. It pictures a mail courier of the middle ages, a design conceived by Paul Hohler of Berlin.

The color is red and the denomination 20pf. This one was also produced by offset on the German East one type watermarked paper as described above.

**CHIANG KAI-SHEK'S 70TH BIRTHDAY** was noted by the Republic of China with a set of six commems on October 30. They are printed by Harrison & Sons, Ltd. of England and shows the chief officer in various poses. Denominations are 20c and 40c, \$1, \$1.60, \$2 and \$8. Rev. Michael J. O'Connor on Formosa through whom the above was received states that other items of a commemorative nature were released including a set of postal cards and cacheted envelopes. The stamps were issued with gum, the first so made since the last birthday set.

### I'M JUST A CLIPPER

(Continued from page 17)

this becomes, and the time passed at clipping and filing each week is repaid a hundred fold when the information is really required.

It has saved me time and embarrassment an untold number of times. Very frequently a report comes across my desk only a matter of hours before deadline. Had I to dig out the background material, I'd have to postpone the story; as it is, I can get to full published material immediately and get the story into print without delay. It also helps me to eliminate blunders and boners which otherwise might creep into my writing.

I recall very distinctly some years ago that Eugene Klein sent out a two-page release about the discovery of what he described as a "new, heretofore unknown variety of a three-cent stamp of 1851." Since I rarely ever publish a release verbatim, but fill in details of interest to put more meat into a story, I went to my reference file picked out the U. S. 1851-'57 folder and read the clips contained in it. There I found a story distributed by a New York dealer several years before, announcing the discovery of precisely the same error. In this particular story I mentioned the fact that Klein found "another" error.

Every other philatelic editor ran the Klein release as distributed and promptly got an indignant letter from the querulous New Yorker in question who demanded acknowledgement of his prior discovery and announcement. The Herald Tribune was the only periodical in the country that did not have to admit the oversight and publish a retraction. A philatelic writer often is expected to supply any number of varieties of information and if I had to hunt up answers to all questions submitted, I'd barely have time to do my professional work. The file folders help me immeasurably. Only last week I had an urgent letter from a correspondent in Florida asking what I could tell him about R. P. O's of Nigeria, Gold Coast and Sierra Leone. I supplied the necessary data within half an hour.

Clipping is wonderful; indeed I think it's the only way to maintain a philatelic library that's expected to help its owner. There is only one thing that would make its maintenance a bit more simple. As it is now, all but one philatelic publication in the world ("Stamp

Collecting", of London) back stories, placing one on one page and another on the back of the same page. The ideal solution would be to buy two subscriptions, but when one subscribes to more than sixty periodicals, the very cost becomes prohibitive. Now, it becomes necessary to select the article considered to be the more valuable and then insert a reference slip about the other in its proper folder.

As a clipper, therefore, I wonder if editors could not lay out their magazines so that articles would be backed against ads instead of other editorial matter.

## M.O. System Has 92nd Birthday

Postmaster General Arthur E. Summerfield, in a statement marking the 92nd birthday of the Post Office Department's money order system, said "money orders are easier to buy and easier to use than ever before."

Authorized by Act of Congress on May 17, 1864, and sponsored during Postmaster General Montgomery Blair's administration largely as a measure to aid troops during the Civil War, the system was put into operation officially on November 1 of that year. During the first eight months, money orders totaled \$1,360,123. During this fiscal year, the total is expected to be approximately \$6 billion.

"Formerly," he explained, "the purchaser had to fill out a bothersome application with a scratchy pen and then wait in line while the clerk laboriously filled out the money order form."

"Today, on the other hand, he makes out no application, but simply walks up to the window and tells the clerk the size of the money order he wants. He hands the clerk the money, the clerk fills it out in a few seconds—using a machine in the larger post offices—and the patron has his money order. He has only to fill in the name and address of the person to whom he is sending it, and his own name and address on his receipt portion of the money order, if he wishes and he is all set. Money order safety today is

at its highest point in history, the Postmaster General noted also. Anyone purchasing a money order is guaranteed reimbursement in the event his order is among the relative few lost or stolen each year.

The Post Office Department retains over a 20-year period the records of unpaid money orders, and, of course, money order purchasers receive a receipt which can be used to trace orders involved in claims.

Processing of claims too has been streamlined as a result of establishing of a new money order center at Kansas City, Missouri, which uses latest punch card machine methods and equipment for its audit and filing operations.

Today, patrons may cash U. S. money orders at virtually all U. S. post offices, stations and branches. And international orders also may be sent to almost all the free nations of the world and cashed easily by residents of any of these nations.

In its early days, the maximum amount of a money order was \$30, and such orders could be cashed only by specified offices—and even then only after the office which had issued the money order notified the paying office that it was okay to cash it.

Today money orders may be bought from more than 47,000 post offices and other postal installations, compared with 419 such offices back in the earliest days of the money order system. Today about 350,000,000 individual orders a year are issued, compared with 74,277 for the first eight months of operation of the system.

That's our new get-acquainted worldwide-lots-on-approval plan. Here in detail is how it works:

Send us your check or money order for \$9.96.

By return mail, we will send you two separate lots of all-different stamps: **LOT A** and **LOT B**.

**LOT A** comprises \$30 catalogue in better-grade stamps of our choice, including airm, high values, sets, etc. — all cataloguing 10c and up, and all Scott-listed, guaranteed genuine and undamaged. **THIS ENTIRE LOT IS YOURS FREE.**

**LOT B** (which contains the stamps you pay for) consists of more than 1,000 all-different, large-sized pictorials, commemoratives, airm, high values airm and topicals. The composition and catalogue value vary somewhat, but each lot is warranted to include a good representation of Br Colonies and Latin America, as well as complete sets and singles cataloguing up to \$1.

From **LOT B**, select 330 different stamps for your collection. You will have plenty of choice—skim off the cream, and return the balance of the lot to us within 10 days. The price per stamp of the 330 you retain is 3c regardless of catalogue. The total cost to you of the 330 stamps you include with your order is \$9.96.

**NOTE:** If you wish to keep more than the 330 stamps you have paid for in advance, you may of course do so, sending us the balance due with your returns. The price is the same—3c per stamp.

**REMEMBER:** There are no common 2c issues in these lots. You pay only 3c a piece for quality stamps which regularly sell over the counter for as much as 25c each. And in addition, you get \$30 catalogue free:

How can you miss? Send \$9.96 for your lot today. We will refund your money immediately without question if you are not satisfied this is one of the best deals you have ever made.
